Our Mission

The Buds 'n Sprouts program at Havenwoods is committed to providing children with opportunities to connect with nature through gardening. We do this through two major efforts: 1) providing educators with resources to support their programs, and 2) providing our own gardening programs for urban children. This program is a partnership between Havenwoods State Forest (staff and volunteers), Milwaukee County UW - Extension (staff and volunteer Master Gardeners), and the Wisconsin Garden Club Federation.

Sponsoring Organizations

Partial funding for program development was provided by grants from the WI Environmental Education Board and the Ellamae Siebert Foundation, Inc.
